Please visit the [Alberta Netcare Portal Release website](https://www.albertanetcare.ca/ReleaseNotes) for the full details including the *Release Notes* and Quick References.

Netcare Portal Changes

1. History and Physical Notes Reintroduced to Netcare

Description:	History and Physical notes from Connect Care are now available
Detail:	<p>On January 20, 2020, the History and Physical note was stopped as a larger piece of work to better limit the amount of documentation coming from Connect Care to Netcare.</p> <p>Feedback from the Netcare user community regarding the clinical value of History and Physical notes has resulted in the History and Physical note being added back on to the list of documentation sent from Connect Care to Netcare.</p> <p>History and Physical notes dating back to Nov. 4, 2019 will now be available in Netcare. The following list of notes are now available from Connect Care.</p> <ul style="list-style-type: none"> • History and Physical • Consults • Discharge Summary • Deceased Note • ED Provider Note • Op Note (operative note) • Labour and Delivery Note

2. Relocation of Echo Results and ECG Folder Name Change

Description:	Echo results are being rearranged to provide a consistent location for reports, the ECG/Echocardiogram (MAZ) folder will be renamed to reflect the change.
Detail:	<p>Echo reports which previously displayed in the ECG/Echocardiogram (MAZ) folder have been moved to the Diagnostic Imaging folder. These reports will no longer be available in the ECG/Echocardiogram (MAZ) folder.</p> <p><i>*Note: The ECG/Echocardiogram (MAZ) folder will return to its original name ECG/Electrodiagnostics.</i></p>

3. Updated ED Treatment Plans

Description:	This change affects modified ED Treatment Plans that were created in SCM over 12 months ago. ED Treatment Plans created less than 12 months ago will not be affected by this change.
Detail:	<p>A previous change in SCM created an issue where modified ED Treatment Plans (created over 12 months ago) in SCM, were not received by Netcare.</p> <p>Once this change is complete, all updates to ED Treatment Plans will be reflected in both SCM and Netcare in order to provide clinicians with accurate clinical information.</p> <p><i>*Note: Existing ED Treatment Plans that were previously reviewed by a physician in Netcare will now appear bold and unread in the CDV Tree.</i></p>
