

BIG IDEAS

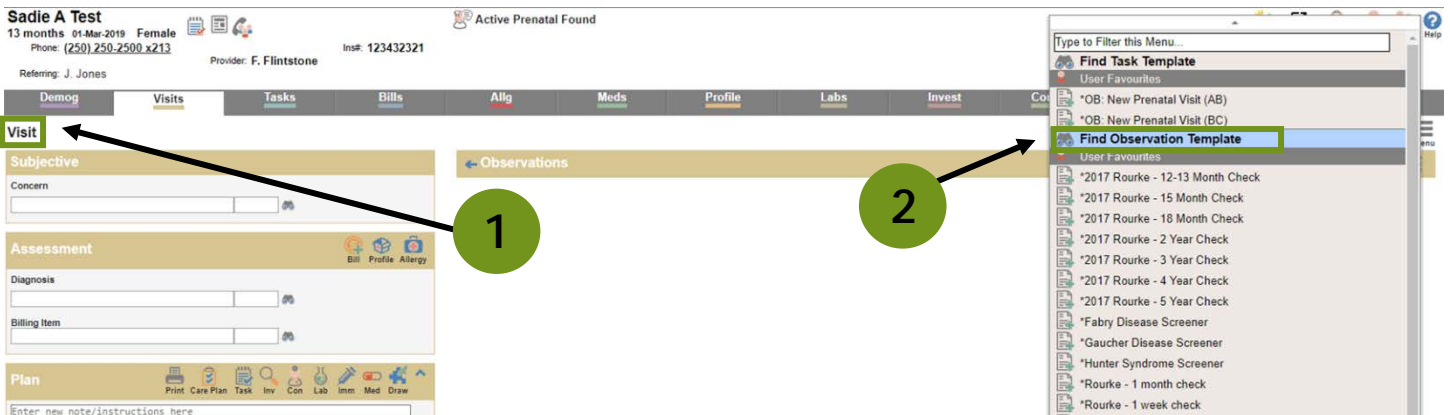

Use the QuRE Generic Referral Form in TELUS Med Access

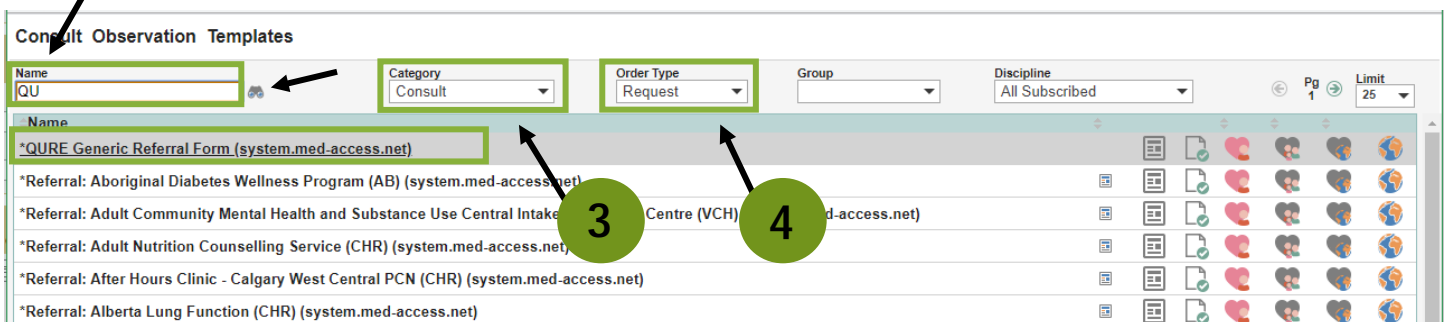

1

HOW TO ADD THE QuRE GENERIC REFERRAL FORM TO YOUR FAVOURITES LIST

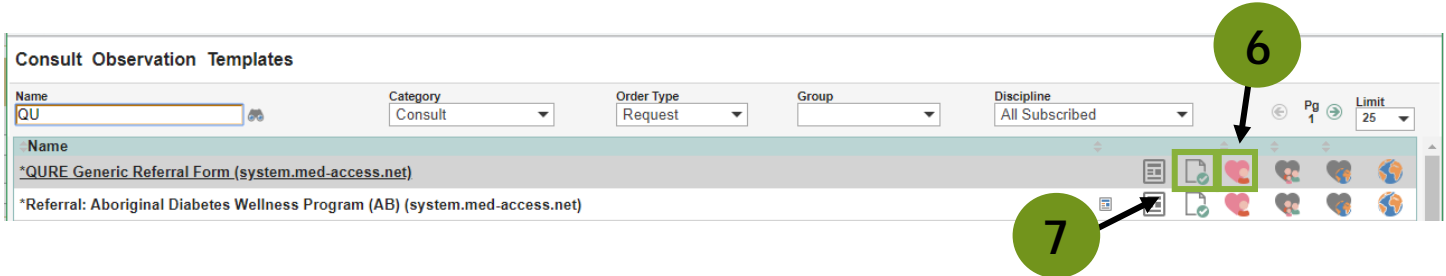

1. Within the patient's chart, go to the **Visit** tab. Right-click on the **Templates** icon.
2. Select **Find Observation Template**.

3. When the window appears, change the **Category** to **Consult**.
4. Change the **Order Type** to **Request**.
5. Begin typing "QuRE" in the **Name** field. Press **Enter** or click the **Binoculars icon** to search.

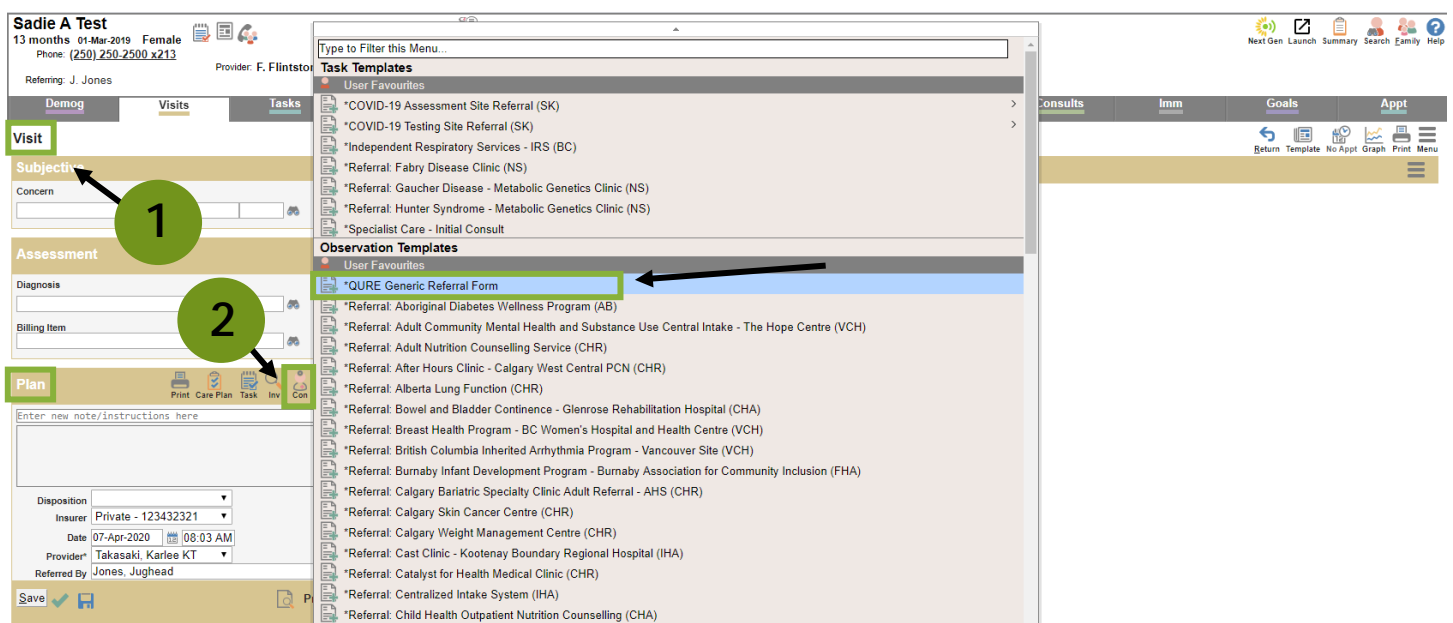

- Once the list appears, click the **Heart** icon to make the **QuRE Generic Referral Form** a favorite. It will now show up in the drop-down menu when you hover over **Consult**.
- Once you have favourited the **QuRE Generic Referral Form**, you can also click on the bolded name or the piece of paper and checkmark icon to use it in your current visit.

2 HOW TO ACCESS THE QuRE GENERIC REFERRAL FORM FROM YOUR FAVOURITES LIST

- Within the patient's chart, go to the **Visit** tab.
- Hover over the **Consult** icon in the **Plan** section. The **QuRE Generic Referral Form** will appear under **Observation Templates**.

- Once you click on the **QuRE Generic Referral Form**, it will open in the patient's chart. Fill out any required information to complete the referral.
- Once you have completed your referral, you can send it through TELUS Med Access or you can print to PDF to attach the letter to an Alberta Netcare eReferral request.
