

## Receiving Provider Notifications

eReferral Provider Notifications provides users an effective way to track referrals through an immediate or daily summary email. Provider Notifications are subscription-based and managed by the user. **There is no patient identifiable information in any Provider Notification email.**

**NOTE:** Provider Notifications are sent to the email entered in your *My Details*, based on the system's default settings.

### Getting Started

- 1 Click on *My Details* from the **Clinical Portal Menu** (i.e., the menu on the left-hand side of your screen).
- 2 Scroll to the section titled **Users**. Beside **Notification email address**, enter your preferred email address that you use and check regularly.

*Please enter a regularly accessed email address. This address is used for ANP Outage notifications, eReferral updates, Provider Notifications and as an alternate for remote access expiry notifications. You must log out of Alberta Netcare for an hour for your email address change to be processed.*

You will also notice an AHS IAM email field that is automatically populated with your email address. This email field is not editable and is pulling your email address from the Alberta Health Services (AHS) IAM database. To change this email address, you must log on to IAM. Go to: [iam.albertahealthservices.ca/uaa/login](http://iam.albertahealthservices.ca/uaa/login) to update.

### Users

*This email address is for AHS IAM updates and notifications. To change this email address, please login through IAM.*

#### TIP

Users can 'unsubscribe' to all notifications per the instructions below (see number 6)

## Managing Notification Subscriptions

You are able to customize your notifications and method of delivery:

- 1 Click on **Manage Notifications** below the **Common** folder from the **Clinical Portal Menu**.

- 2 Confirm that your email address is correct. If you need to update your email address, go to **My Details**.
- 3 Choose your **Default Delivery Method**.

- 4 In the **My General Subscriptions** section as a **Receiving Provider** or **Receiving Provider on Behalf Of** user, select the notification and delivery method for each of the notifications available by clicking on the box in front of the notification. Then, click **Change** in the delivery method column and select the desired method of delivery.

### NOTE:

While users are auto-subscribed by default to eight 'Receiver' notifications, there are other notifications that can be subscribed to.

- 5 To unsubscribe to a specific Provider Notification, click on the box in front of that notification; the check mark will be removed and you will no longer receive that notification.
- 6 To unsubscribe to ALL Provider Notifications from eReferral, click the box in front of **Notification** in the header until all boxes below it are unchecked.

- 7 Scroll to the bottom of the page and click **Save**.

## Notification Emails

As a **Receiving Provider** or **Receiving Provider on Behalf Of** user, you will receive emails notifying you that an activity has occurred on an Advice or Consult Request that has been submitted. See example of an email sent immediately after an activity occurs:

The consult request, on which you are recorded as the assigned Receiver, has had a recent event occur of 'Consult: Appointment Missed'.

Referral Id: RFS-XXX-000000

To view this referral,

1. Log into Alberta Netcare Portal.
2. Navigate to your Alberta Netcare Portal > eReferral > 'My Assigned Referrals' dashboard.
3. Copy/paste the Referral Id into the Referral Id field below your dashboard and click 'Search'.

To change your notification subscriptions, please visit your Alberta Netcare Portal > Common > 'Manage Notifications' settings screen.
